

# Visual Programming

Revolutionize the way students learn  
computer programming

VP is a solution to current big problem in Computer Science  
Education: **Attracting and Retaining Students.**  
Helps in building Student's Confidence.

Currently in use in more than  
1000 schools and 60 colleges in US

Adopt VP in your school and become eligible for  
"K3DR edge"

K3DR is revolutionary initiative by KI & GOI to promote 3D in  
Education.

Under K3DR your school will be eligible to get high-end 3D  
software(s) and training with educational discounts.
